- Open to cities throughout US

Overview of USA Median House Sales Price

Snapshot of 2014-2017

1st Recommendation

- Suggest employees buy a home in the winter time
- Strong seasonal trend for prices to increase around July and decrease around January

What City?

Looking at what city has increasing home value

Employees are likely to accrue value in their home as

Nashville

What about a cheaper city?

	Metro Area	State	February 2008	June 2023	% ROI
1	Nashville, TN	TN	\$142,000	\$425,750	199.82
2	Dallas, TX	TX	\$137,550	\$405,000	194.44
3	Denver, CO	CO	\$217,250	\$595,000	173.88
4	Portland, ME	ME	\$202,750	\$555,000	173.74
5	Killeen, TX	TX	\$100,000	\$271,500	171.50

7	Greenville, SC	SC	\$126,288	\$334,500	164.87
8	Austin, TX	TX	\$189,950	\$499,950	163.20
9	Indianapolis, IN	IN	\$113,001	\$293,550	159.78
10	Ogden, UT	UT	\$185,750	\$479,500	158.14

Indianapolis

Indianapolis Median House Sale Price vs. Model Price

Indianapolis Median House Sale Price vs. Model Price

Recommendations

- Select Nashville for strong expected ROI
- Select Indianapolis for strong ROI and cheaper house prices
- Move the company for the winter and encourage employees to buy

Next Steps

- More features for enhancing the model
- Fine tuning the model to better account for fluctuations around 2020
- More complexity in housing type (size, location within city etc.)
